

Artisan Spirit  
by Ira Kennedy

# DREAMSCAPES

Created by renowned artist Ira Kennedy, Artisan Spirit Dreamscapes is an extraordinary work of art, just like his paintings. Instead of painting what he can see, Ira Kennedy chooses to paint what cannot be seen. His process takes his work from something static to something brilliant using dots to create visual shimmer. Dreamscapes offers three digitally printed panels that can be combined with coordinating fabrics to create many different projects including wall hangings, bed runners and bed quilts.
