

# STONEHENGE Elements by Linda Ludovico

Stonehenge Elements features a wide range of nature inspired textures in two earthy palettes: Slate (shown here) and Blue Planet. The progression of value in each palette allows subtle gradations in color and existing Stonehenge Gradations fabrics coordinate with this collection. Visit [www.northcott.com](http://www.northcott.com) and use the Product Finder to find a local quilt shop that carries this collection.

**Prelude to Winter** • 40" x 46" • Pattern includes wall hanging and bed runner
