Ophelia

by Penelope Duchesne

Ophelia is a stunning floral group created by Penelope Duchesne that is equally at home in traditional or contemporary decor. The style and colors, which are on trend have broad appeal. Who doesn't love Peonies? They have been cultivated since the 6th century and were popularized during the Tang Dynasty when they were grown in the Imperial gardens. They remain as popular today as they were hundreds of years ago. The peonies are paired with exquisite complex textures in a palette of whites, grays and tinted neutrals resulting in a sophisticated and restful appearance. A wide range of values from the lightest lights to the darkest darks for dynamic contrast to make your radiant!
