All Around Town

by Deborah Edwards

Created by Deborah Edwards, All Around Town features a 60" x 43" oversized panel print ideal for a playmat. Trains, planes and automobiles as well as a construction site, emergencies services and a racetrack provide hours of fun for little ones. There is even a Northcott quilt shop! Add the border stripe with the panel for the perfect twin size bed quilt, but don't expect them to go to sleep! A variety of mix and match tossed coordinates complement the featured prints while a selection of Colorworks Premium Solids complete the collection.
