FLAMINGO BAY

Created by Michel Design Works, Flamingo Bay offers a sophisticated interpretation on a classic theme. Though generally a specific market, flamingos are on trend and have found a home across the country. Perhaps we are all seeking a warm and sunny destination with flamingos, sand and sunshine. Flamingo Bay offers a wide range of prints to bring back happy holiday memories that make you smile. Tropical florals, flamingos and a cornucopia of tropical leaves are offered in shades of pink and green. A variety of mix and match coordinates as well as Toscana blenders complete the collection. Escape to your favorite holiday destination with Flamingo Bay!
