Created in partnership with Michel Design Works, Fleurs de Jardin features intricately detailed French florals. Lavish blossoms boasting shades of purple, plum and white are set on black, purple, lilac, sage and white backgrounds in a variety of sizes. Also included is a featured border stripe. Beautifully rendered dragonflies, mini prints and blenders, including a white on white complete the collection. The wide range of values and colors provide perfect contrast to make your quilting projects sing like spring.
