# MODERN LOVE

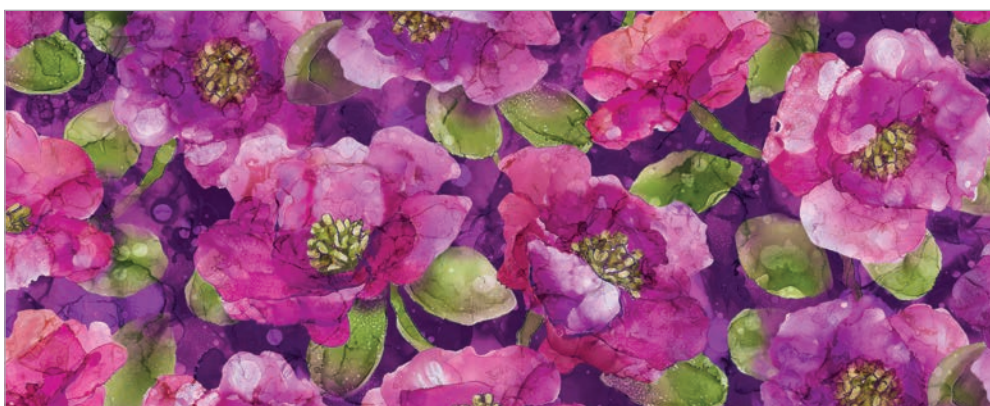

By Deborah Edwards and Melanie Samra

Created by design duo, Deborah Edwards and Melanie Samra, Modern Love is characterized by beautiful fresh florals and leaves combined with intricate textures all created in our signature alcohol ink style. Love is expressed in the two script patterns in pink and red hues while the large polka dots add an element of modern whimsy to the collection. The stunning ombre and full width floral border provide a multitude of creative possibilities. As well, Modern Love includes a stunning full width ombre wide backing. This wide backing is so beautiful it should not be restricted to the back of the quilt! The vibrant shades of purple, lavender, red, fuchsia, pink, green and white in Modern Love convey a feeling of cheerful optimism. You'll fall in love with Modern Love!
