SADDLE UP

by Ellen & Clark Studio

Created by design duo Ellen and Clark Studio, Saddle Up offers a new look for a classic western theme in beautifully detailed artwork. The unique border is ideal for deconstructing and using in a variety of ways including accent pillows, placemats or blocks in a quilt. It also makes a great focal point for a quick and easy quilt or wall-hanging. A wide variety of multi-directional prints complement the panel including cowboy paraphernalia, barbed wire, lasso rope steer hide, and inspirational words. The western geometric patten, inspired by horse blankets, shown in the panel and coordinate offers a new look to this classic theme. Realistic leather prints are offered in a variety of styles and colors. A palette of natural hues from the deepest shades of brown and rust to beige and cream characterize the collection, complementing any décor. If you are a cowboy at heart, you will want to Saddle Up with this collection!
