Nest

Created by the Northcott Studio, Feathered Nest is at home in both traditional and modern interiors. The collection is characterized by exquisitely detailed multi-directional patterns showcasing charming chickadees and wispy feathers as well as delicate pussy willows and nests. The panel features a beautiful wreath with borders that can be deconstructed and reconstructed as blocks in a quilt or wall hanging or used as is to create a focal point for any project. A palette of cream, taupe and brown is complemented by tranquil blues in a variety of values creating a mood of quiet serenity. Finish your projects with a selection of coordinating Toscana blenders. Feather your nest with this beautiful new collection from Northcott Studio!
