# Baby Safari

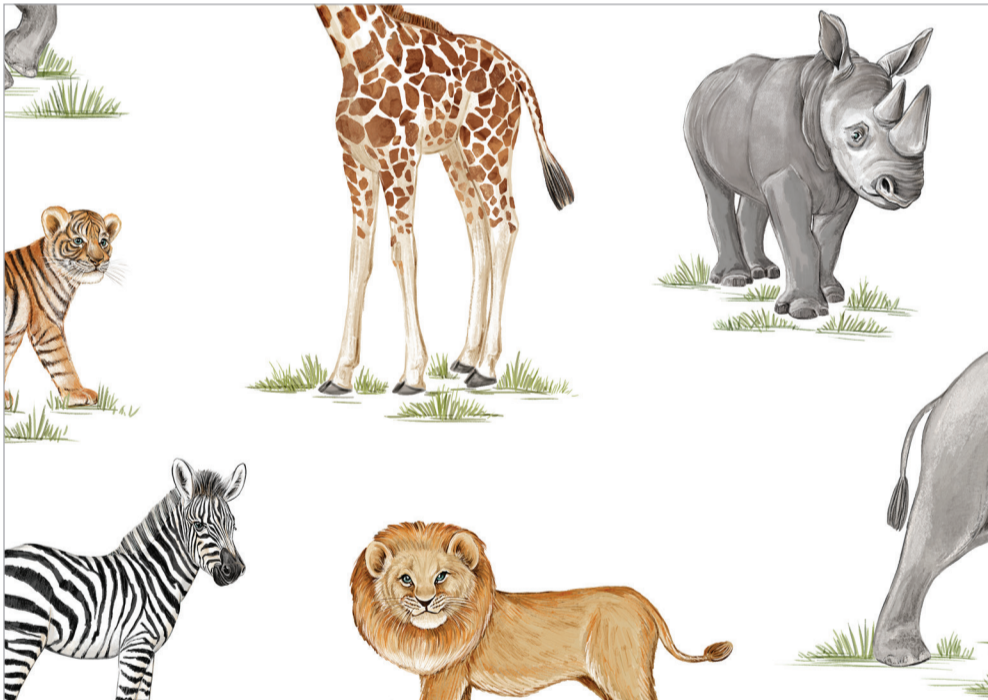

by Deborah Edwards

Created by Deborah Edwards, Baby Safari features adorable baby animals with coordinated animal prints and simple dots in a modern palette of turquoise, sweet pea, peach, gray and white. The showcased panel is 36" x 43", an ideal size for a quick-sew crib quilt while the growth chart panel can be used for a coordinating wall-hanging. The panel also includes four adorable bibs. A selection of coordinating Toscana prints add contrast to the mix and match prints in the collection.
