Howdy Christmas

by Deborah Edwards

Created by Deborah Edwards, Howdy Christmas is sure to round up cowboys and western enthusiasts everywhere! Liven up your Christmas decor with our unique tree skirt that works equally well as a table topper and get ready to stuff your stockings with our novel cowboy boot stocking panel. The featured tree panel makes a great wall-hanging or a focal point for a quilt. A selection of western inspired tossed prints in cream, red, green and black complement the panel and the quick sew projects. A selection of our best-selling crackle prints complete the coordination. Y'all have a Howdy Christmas now!
