MERRY CHRISTMAS

by Michel Design Works

Created by Michel Design Works, Merry Christmas offers a variety of exquisitely detailed Christmas botanicals featuring Amaryllis, Paperwhites, Peonies, Red Spider Lilies and Roses with hints of Holly and Mistletoe. In addition to the Christmas florals and tossed holly, beautiful damasks, inspirational words and a stunning border stripe are offered. The quick sew placemats add elegance to your holiday table and can be used to make reusable gift bags. Merry Christmas is portrayed in a palette of rich reds, Christmas greens and crisp winter whites. A selection of our premium quality, Colorworks solids coordinate beautifully with the collection.
