# CHRISTMAS JOY

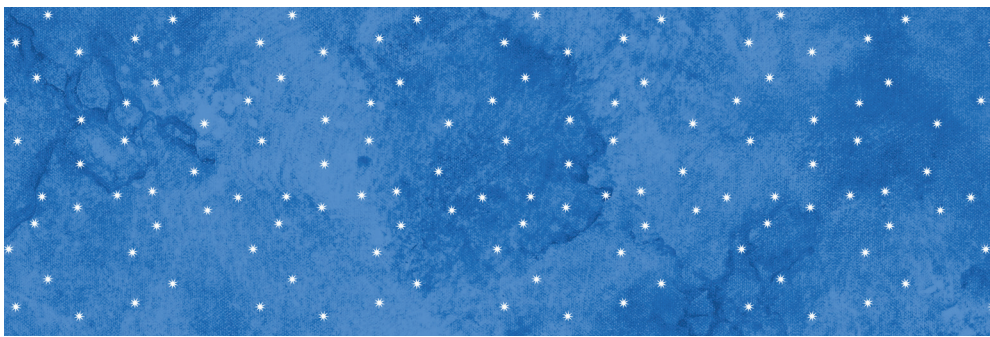

by Deborah Edwards

Created by Deborah Edwards in classic Stonehenge style, Christmas Joy is tastefully elegant with metallic gold accents. Love, Peace and Joy are featured boldly in the panel making it ideal for a wall-hanging or a focal point for a quilt. Deconstruct the panel and spruce up your seasonal décor with two accent cushions as shown or fabulous reusable gift bags. Intricate ornaments and snowflakes are paired with inspirational words and tiny stars. A stunning texture that imitates glitter add elegance to the collection. Two timeless palettes, including Cardinal and Indigo are offered in Christmas Joy. Both palettes coordinate beautifully with the gold and white prints providing contrast. Greet the season in style with our latest Stonehenge Christmas offering!
