CREATION by Tara Turner

Tara Turner, renowned fine art photographer and digital artist whose passion is to capture the beauty of her surrounding environment has done just that in Creation. The featured panel portrays a tree set in a misty landscape that is truly imaginative and bursting with vibrant color. From teal, green, and blue to red, orange, and yellow, the palette offers classic cool warm color contrast in a variety of impressionistic prints that coordinate directly with the panel. A selection of popular Canvas basics complete the collection.
