# CABIN VIEW

by Rick Kelley

Created by celebrated wildlife artist Rick Kelley, Cabin View provides a peaceful lakeside retreat that you can enjoy all year long. The oversize panel has a built-in border and features a tranquil view of chickadees overlooking a cabin on the lake that is ideal for a wall-hanging or focal point in a quilt. The coordinating fabrics, inspired by the lakeside milieu feature foliage and fauna, as well as natural textures painted in exquisite detail. Colors inspired by nature characterize the collection. Escape to the lake with Cabin View.
