Christmas Tree Skirt Instructions:
 1. Layer the tree skirt onto a piece of batting and backing. Quilt as desired.
 2. Cut out the tree skirt on the outer edge.
 3. To find the center, draw two lines using a non-permanent marking tool. One line runs horizontally from Point A to Point A. Draw the second line vertically from Point B to Point B (at a 90 degree angle to the first line). The lines should cross at the center of the panel.
 4. Make a 6" circle template from paper. Fold the paper in quarters to create guidelines.
 5. Open the paper template and match the first line with the marked lines on the tree skirt. Trace the circle onto the tree skirt.
 6. Make a slit in the tree skirt by cutting along ONE of the marked lines from the edge of the circle to the center, and then cut out the center circle.
 7. Beginning at the inner circle, bind the tree skirt with bias binding. You will need 200 inches of continuous bias binding.

Christmas Table Topper Instructions:
 1. If you want the table topper to be quilted, follow Steps 1, 2, and bind using bias binding.
 2. If you do NOT want the table topper to be quilted, then place the backing right sides together with the table topper.

- Instructions for Christmas Stocking
1. Layer the stockings onto a piece of fabric and quilt as desired.
 2. Cut the stockings out (seam allowance is included in the stocking design).
 3. Using the stockings as a guide, cut two pieces of fabric for each stocking.
 4. With right sides together, stitch around the edge of each stocking, leaving the top open.
 5. With right sides together, stitch around the edge of the stocking lining, using a 1/2" seam allowance.
 6. Turn the stocking right side out and press.
 7. Stitch around the top and turn right side out through the opening left in the lining.
 8. Press the lining toward the stocking and press.
 9. Top stitch around the top.
