Autumn Splendor

STONEHENGE

by Linda Ludovico

In classic Stonehenge style, our talented designer Linda Ludovico has created a stunning new collection, Autumn Splendor. Like fine art, this collection is timeless and provides a multitude of creative options for quilts, wall-hangings, and other projects. Autumn Splendor is characterized by complex shades of teal, blue, rust and ochre, from the darkest darks to the lightest lights. Exquisitely detailed, the panel print and full width ombre coordinate beautifully with the multi-directional prints featuring leaves, maple keys and branches, A variety of classic Stonehenge textures complete the collection.
