# Charisma

by Nancy Dunlop Cawdrey

Created by celebrated artist Nancy Dunlop Cawdrey, Charisma is both bold and beautiful, overflowing with exuberant poppies in vibrant color. Painting on silk with reactive dyes she captures brilliant color and texture not feasible on paper or canvas. Charisma is a virtuoso of color and style! Exquisitely painted poppies are offered in a variety of prints. The featured print can be used as a panel but is running yardage for maximum flexibility. Use it as is or deconstruct to create something completely new. Use the border stripe to finish or easily expand the size of your project. Packed poppies and open tossed poppies as well as tossed dragonflies complement the featured prints. A wide range of complex multi-color textures and a unique check complete the coordination. A selection of Toscana basics coordinate with Charisma.
