Lagoon colorway shown.

Designed by Deborah Edwards, Flight of Fancy is Northcott's latest Artisan Spirit collection. The featured panel and full width ombre are elegantly depicted and exquisitely detailed. Complementing the panel and ombre are tossed butterflies, dragonflies and feathers. The collection is offered in three palettes including Lagoon, Autumn and Earth. Flight of Fancy was created with the same refinement and style as the existing Artisan Spirit Shimmer patterns. Coordinate Shimmer blenders seamlessly with Flight of Fancy. Artisan Spirit Flight of Fancy ships June 2017.
