

# CONNECTOR PLAYMATS

BY DEBORAH EDWARDS

Connector Playmats is a colorful collection featuring panels that can be used alone or connected together to create a fun play surface for children. The two newest panels are Construction Zone and Speedway. They match up with the original four panels: Around Town, Train Station, At the Airport and Harbor Front. View all of the panels and coordinating fabrics on [www.northcott.com](http://www.northcott.com) and use the Product Finder to locate a shop near you that carries this collection.
