

Feathers

This collection offers a non-traditional motif that evokes the softness, lightness and movement of feathers. The designs in this collection defy the average batik with style and complexity. They play with unique palettes of saturated corals, oranges, yellows, grays, turquoises and rich blues.

Visit www.BanyanBatiks.com to view these stunning new batiks, and use the Product Finder tool to locate a store near you that carries these fabrics.

Quilt: Drift • 60" x 75" • by Jessica VanDenburgh of Sew Many Creations
