Backing	1 ½ yards	

Assembly:

First border: Using the 1 ½" strips of Fabric B, cut two border strips measuring 42 ½" long. Add to either side of the panel. Press away from the center. Using the 2" strips of Fabric B, cut two border strips measuring 30 ½". Add to the top and bottom. The piece should measure 30 ½" by 45 ½".

Inner border: Using the squares of Fabric C and the triangles of Fabric D, create the second border as per the diagrams. Sew the side borders on first. Press to the center. Add the top and bottom borders and press to the center.

Outer border: Using the 1 ½" strips of Fabric B, measure the center of the quilt from top to bottom. Cut two pieces to that measurement and add to the sides. Press away from the center. Measure through the center of the quilt from side to side. Cut two border pieces to this measurement and add to the top and bottom. Press away from the center.

NOTE: It is best to NOT prewash preprinted fabrics such as panels and border prints. The fabric goes through many processes to be delivered to the consumer and there may be some size variations. If you're unable to cut the panels to the size mentioned above, cut the pieces to a size that works for your panels and adjust any other measurements accordingly.
