Piecing Instructions:

- Trim Fabric A strips to 35 ½". This completes Row 1.
- Using a pencil or disappearing fabric marker, draw a horizontal line from corner to corner on the four Fabric C 6" squares. Match up a Fabric C & D square with right sides together and sew a ¼" from the line drawn (on both sides of the line). Cut on the marked line to get two 5 ½" square HST units. Repeat for all C & D squares for a total of eight HST units.
- Alternating the HST units made in step 2 & the Fabric B squares, sew seven blocks together turning the HST units as needed (refer to the quilt image for placement). Make two of Row 2.

Quilt Top Assembly:

- Join the rows by alternating Row 1 & Row 2 and adding a 1 ½" Fabric E sashing strip between each row.
- Measure the vertical length through the center of the quilt and trim the 1 ½" side border strips to the same measurement. Match the center of the border strips to the center of each side of the quilt and pin. Match the ends of the border strips to both ends of the quilt and pin. Sew the seams and press towards the borders. Repeat this process for the top and bottom border using the width through the center of the quilt as your measurement guide. Press towards the borders.
- Layer, quilt and bind as desired.
