### Assembly of Vertical Row 1:

Keeping the direction of the ombre print the same for each row, sew together a 28 1/2" Fabric A rectangle with a 6 1/2" Fabric C square; then add a 14 1/2" Fabric B rectangle, followed by another 6 1/2" Fabric C square; then add a 14 1/2" Fabric A rectangle, and complete the row by adding a 4 1/2" Fabric C rectangle. Repeat to make seven Vertical Row 1's.

### Assembly of Vertical Row 2:

Join two of the 3 1/2" Fabric C strips together for each row. Trim to match the length of your Vertical Row 1's (should be approximately 72 1/2"). Make six Vertical Row 2's.

### Quilt Top Assembly:

Sew the vertical rows together, alternating Row 1 & Row 2, and turning every other Row 1 in the opposite direction. Refer to image for placement.

### Inner Border:

Join the remaining seven 3 1/2" Fabric C strips together. From this long strip, cut two side inner borders (approximately 72 1/2" each); sew the side borders to the quilt center. Cut the top & bottom inner borders (approximately 66 1/2" each); sew the top & bottom borders to the quilt center.

### Outer Border:

Join the outer border in the same manner, using the 4 1/2" Fabric D strips. Measure the length of the quilt top to determine the size for the side borders (approximately 78 1/2"). Add the side borders, then measure the width of the quilt top to determine the size for the top & bottom borders (approximately 86 1/2").

### Finishing the Quilt:

Layer, quilt & bind as desired.
