**NOTE: Use a 1/4" seam allowance for all piecing. Diagrams are shown for the Sangria version of the quilt. The Mint Aqua version is made in the same way.**

**Block 1 Assembly:**

With right sides together, sew a Fabric D 1 1/2" x 6 1/2" strip to one side of a Fabric A 6 1/2" square. Add a Fabric D 1 1/2" x 7 1/2" strip to one perpendicular side.

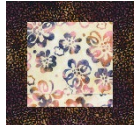

With right sides together, add a Fabric E 1 1/2" x 7 1/2" strip, then a Fabric E 1 1/2" x 8 1/2" strip to the same two sides as in Step 1. This completes Block 1. Repeat to make 14 Block 1's.

**Block 2 Assembly:**

With right sides together, sew a Fabric C 1 1/2" x 6 1/2" strip to opposite sides of a Fabric B 6 1/2" square. Then add Fabric C 1 1/2" x 8 1/2" strips to the remaining two sides. This completes Block 2. Repeat to make 13 Block 2's.

**Quilt Top Assembly:**

1. Sew blocks together to make 9 vertical rows of 3 blocks each, alternating Block 1 & block 2 as shown below. Press seams in one direction for Row 1, and in the opposite direction for Row 2. This will make seams nest when sewing the rows together.

Row 1

Row 2

Continue alternating Row 1 & Row 2, ending with a Row 1.

2. Sew rows together to complete the center of the quilt top.
3. Sew the Fabric C 1 1/2" x WOF strips together. Cut two inner border strips for the long sides (approximately 72 1/2" at this point). With right sides together, sew these strips to the long edges of the quilt top. Cut two inner border strips for the short sides (approximately 26 1/2" at this point). Add to quilt top in the same manner.
4. Sew the Fabric A (Sangria) or Fabric B (Mint Aqua) 2 1/2" x WOF strips together. Cut two outer border strips for the long sides (approximately 74 1/2" at this point). With right sides together, sew these strips to the long edges of the quilt top. Cut two outer border strips for the short sides (approximately 30 1/2" at this point). Add to quilt top in the same manner.
5. Prepare binding from the Fabric C 2 1/4" x WOF strips. Layer quilt top with batting & backing. Quilt and bind as desired.
