

NEW DAWN

By Melanie Samra and Deborah Edwards

Diamonds on the Horizon • By Pine Tree Country Quilts • PTN2731

New Dawn by Deborah Edwards and Melanie Samra is a spectacular new collection that will take you on a magnificent tour of the Serengeti. New Dawn features beautiful alcohol ink-effect washes of pale blue, earthy brown and grey. The sophisticated feature panel and running yardage feature majestic elephants resting at the watering hole, birds in flight, and exotic acacia trees. Beautiful crackle blenders are sure to add depth to any project, as will the nature-inspired stone, marble and pebble coordinates; or the striking textured ombre print.

New Dawn will be shipping to stores in March 2021. View the full collection and place an order now at www.northcott.com, or contact your local Northcott sales representative.
