● Autumn is in the air! Falling leaves, warm sweaters, hot apple cider and...Cranberry Chutney! It adds just the right touch to your autumn table and to your seasonal décor.

Guest Designer Kenna Ogg has designed her first fabric collection for Banyan Batiks, Cranberry Chutney, inspired by her love of food and her popular quilt pattern of the same name.

Rich deep shades of cranberry, eggplant, golds and greens mix together beautifully to bring the outdoors in and capture the beauty of the season in all your fall-themed projects.
