

# Ride On II

The success of our first 'Ride On' collection has sparked the creation of some exciting new colorways! Once again, we've captured the bike enthusiast's spirit with retro bikes, gears, spokes & wheels.... and our popular tire tracks design has expanded into its very own 'Treads' collection! With all these cool prints, plus a unique double border design, you can create projects to inspire the cyclist in your life!

Visit **BanyanBatiks.com** to view the full collections, and use the Product Finder tool to search for a local quilt shop carrying Ride On & Treads.
