Fabric Placement Diagram

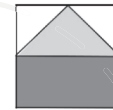

BLOCK ASSEMBLY:

Choose one fabric for each of the five placement positions. Lay out pieces referring to the Fabric Placement Diagram.

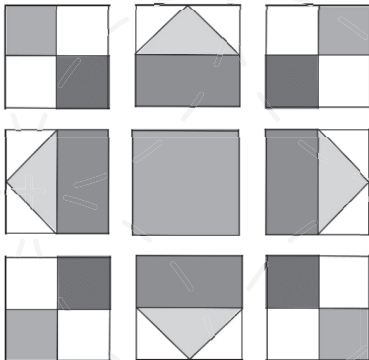

Sew 4 – 2 ½” squares together to make a 4-patch corner unit. Repeat to make four unit A’s.

Sew a half square triangle to each side of a quarter square triangle. Add a 4 ½” x 2 ½” rectangle to complete unit B. Make four unit B’s.

Place the unit A’s & B’s together with a 4 ½” center unit into three rows of three units as shown below.

Sew units together into rows. Then sew rows together to complete the block.

Repeat to make 20 blocks, changing the fabric used in each placement position to vary each block.

QUILT TOP ASSEMBLY & FINISHING:

Arrange blocks in five rows of four blocks each.

Sew blocks together into rows, then join rows to complete quilt top.

Join binding strips and prepare binding.

Prepare backing by cutting backing fabric in half along length of fabric to get 2 – 1 7/8 yd pieces. Join these two pieces along selvage edges.

Layer quilt top with batting and backing. Quilt as desired. Bind using your favorite method.
