General Piecing: All seams are ¼”. Press toward darker fabric unless indicated.

Tip for aligning patches for sewing: When you have 2 patches to be sewn together and they are sloped at opposite angles, they are correctly aligned when they meet at the ¼” seam line as shown at right. When you have 2 patches to be sewn together and only one is sloped at an angle, they are correctly aligned when they meet ⅜” from the edge as shown at far right. However, sew them together with a ¼” seam.

Piecing:

1. Lay each Fabric A square face down on a B1 square and sew a ¼” seam on all sides. Without cutting B, carefully cut Fabric A square along drawn lines and finger-press seams toward A. Trim unit to 6¼”.

2. Following layout diagram, arrange the blocks from step 1 in 2 rows of 2, turning the blocks “on-point” (at a 45° angle). Insert the remaining 4 blocks in the spaces between 1st and 2nd rows. Add the B2 triangles along edges and the B3 triangles at outer corners. Insert the B4 pieces between blocks and blocks/triangles and insert the B5 squares at B4 intersections.

3. Sew into diagonal rows, finger-pressing seams toward B4, then sew the diagonal rows together, matching seams at intersections.

Finishing:

Layer the backing, a 25” x 52” piece of batting and the quilt top. Baste and quilt as desired. Trim edges even with quilt top. Sew the prepared binding to the edges with a ¼” seam, turn and stitch in place. Enjoy your new table runner!
