

Vintage Chic

Elegant and trendy...

Vintage Chic combines the eclectic feel of cabbage roses with lush tropical plants and, of course, dark rich plaids to set them off! Bold rusts, deep greens and teals accented with taupe and black will add the finishing touch to your shabby chic décor. Whether a lap quilt tossed over the back of your favorite comfy chair or a few throw pillows perfectly placed on the sofa, our Vintage Chic collection will pull it all together to complete your look!
