# Time to Quilt

## Block 22

FREE PATTERN

- Make the same block twice
- Blocks are mirror images
- Unfinished block size is  $9\frac{1}{2}$ "

Block 22a.

Block 22b.

2 contrasting fabrics— $\frac{1}{8}$  yard each

Label your fabrics #1 & #2 (It doesn't matter which way you label them)

From each of the fabrics cut: (see cutting diagram below)

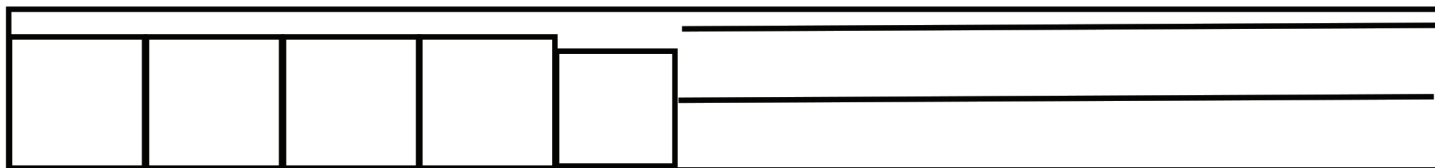

Cut (4)  $3\frac{7}{8}$ " squares

Cut (1)  $3\frac{1}{2}$ " square

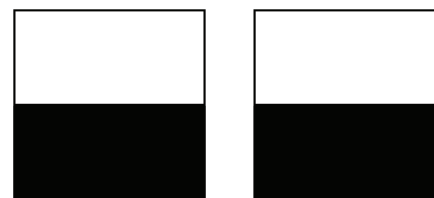

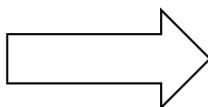

Cut remaining fabric into (2) 2" strips

From the (2) 2" strips of each of the fabrics cut:

Cut (2) 2" squares – for a total of (4) 2" squares of each fabric

**Block 22a.** Take one remaining 2" strip from fabric #1 and one remaining 2" strip from fabric #2. Sew strips together and sub cut into  $3\frac{1}{2}$ " sections yielding four squares.  
(See diagram below).

Take (1)  $3\frac{7}{8}$ " square from fabric #1 and (1)  $3\frac{7}{8}$ " square from fabric #2. Place one square of each fabric right sides together and draw a diagonal line on the wrong side of one of the squares. Pin. Stitch a scant  $\frac{1}{4}$ " away from both sides of the drawn line. Cut apart on the drawn line and you have two sewn half square triangle units! Repeat this process to yield a total of four sewn half square triangle units. See diagram below.

Take (1)  $3\frac{1}{2}$ " square from fabric #1 and the (4) 2" squares from fabric #2. Place one of the 2" squares right sides together onto the bottom right corner of the  $3\frac{1}{2}$ " square. Draw a diagonal line from corner to corner as shown. Sew along drawn line. Cut off excess fabric  $\frac{1}{4}$ " above seam line. Press the stitched block open. Repeat this process with the remaining (3) 2" squares on the other three corners so that you have a pieced unit as shown below.

Arrange all the units as shown in Block 22a. diagram above and sew together.

**Block 22b.** Take the remaining 2" strip from fabric #1 and the remaining 2" strip from fabric #2. Sew strips together and sub cut into  $3\frac{1}{2}$ " sections yielding four squares. See diagram above.

Take (1)  $3\frac{7}{8}$ " square from fabric #2 and (1)  $3\frac{7}{8}$ " square from fabric #1. Place one square of each fabric right sides together and draw a diagonal line on the wrong side of one of the squares. Pin. Stitch a scant  $\frac{1}{4}$ " away from both sides of the drawn line. Cut apart on the drawn line and you have two sewn half square triangle units! Repeat this process to yield a total of four sewn half square triangle units. See diagram above.

Take (1)  $3\frac{1}{2}$ " square from fabric #2 and the (4) 2" squares from fabric #1. Place one of the 2" squares right sides together onto the bottom right corner of the  $3\frac{1}{2}$ " square. Draw a diagonal line from corner to corner as shown. Sew along drawn line. Cut off excess fabric  $\frac{1}{4}$ " inch above seam line. Press the stitched block open. Repeat this process with the remaining (3) 2" squares on the other three corners so that you have a pieced unit as shown below. Arrange all the units as shown in Block 22b. diagram above and sew together.
